Sometimes it's perfect, but sometimes I don't understand what it says, can you make it better? yes, and we're working on it. Deep Learning Technology from our partner automatically learns and makes impressions of celebrity voices without any human education. Do you support other languages? Yes. You can use any language you want. Our technology makes it possible to change the voice, not just disguise the voice or change your voice in an FX chain that makes it sound like a monster or a chipmunk. How does it work? Voice Changer is a very simple application that allows you to record speech and apply results on it. VoiceChanger is a mobile-based audio editor. You only need a cellular right to access it, and you can use it to record or edit any audio file. SUMMARIZE enjoy Voice Changer and share the result with your Friends on Facebook or Instagram. Legal note: Our app is only for the purpose of entertainment and should only be used as a parody and make prank videos. We don't claim a relationship with any celebrity, voices are just impressions that aren't real. Voicer was created for parody and jokes, not the media misleading and damaging. Voicer app is not about obvious satire and parody. 1. We deliberately limited speech by 6 seconds and did so late so there is impossible to manipulate another person and do really believe that the video was made by a celebrity – all videos contain a WATERMARK VOICER, ie they are funny. 2. Technology is not perfect and it is easy to differ real celebrity speech from artificial. 3. All images used are under free public Creative Commons Attribute 2.0 Generic (as written in voicer.cc/terms, source list) - we can remove any of them if needed. 4. Voicer app mission is to showcase cutting edge technologies and engage users by creating amazing things. We are constantly working guided by suggestions.
